1.1.4 Collects record symmetrical objects whenever / wherever they see.

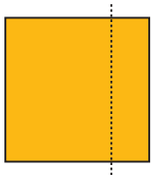

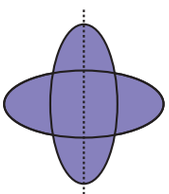

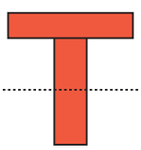

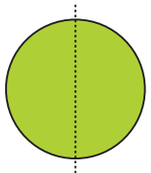

Activity

- Observe the objects around you at home. List the name and shape of the objects. Above these objects which can be called as symmetrical.

1.1.5 To draw such symmetrical objects and naming the same.

Exercise: 1.3

A Which of the following figure is symmetrical about dotted line?

1. 
2. 
3. 
4. 
5. 

Who am I?

1. I have no side, no vertices and many lines of symmetry. Who am I? ----------
2. I have 4 equal sides and 4 lines of symmetry. Who am I? ----------
3. I have 3 equal sides, 3 vertices and 3 lines of symmetry, who am I? ----------
4. I have 4 sides opposite sides are equal and I have 2 lines of symmetry. Who am I? ----------
