## Activity

Ask the students to take a ribbon and cut it as half, half into one fourth, and join one half and one fourth to make three fourth. At last join all portion, its make whole.

**Can we do this?**

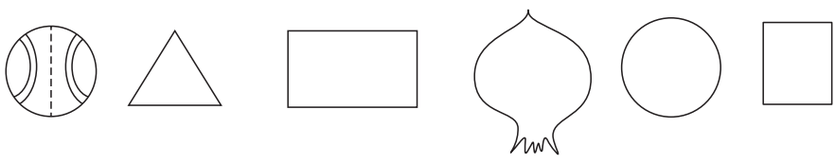

Half into a whole

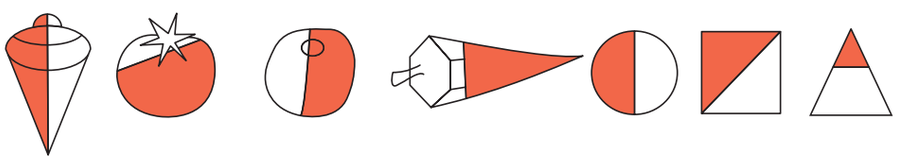

The above pictures are divided into two equal parts. Every parts represents half (or) semi. So we call it as half (or) semi.

## Exercise 6.4

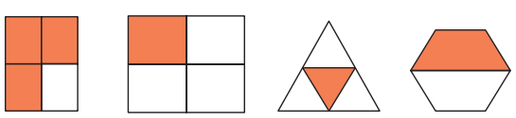

I. Colour or shade half portion of the following pictures:

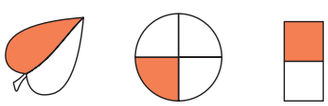

II. Tick the picture that represent semi portion.

III. Write appropriately which represent half, quarter, three fourth.
