Consider 2 X 2 square in the nearby month

Add the numbers in the following way so that you will get the same total as 18

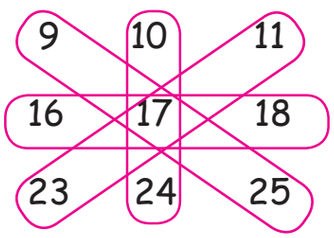

X8B1Q2

5 + 13 = 18

12 + 6 = 18

See the patterns in 3 X 3 square in the nearby month

Add the numbers in the following way so that you will get the same total as 51

Note:

Calendar can teach us many things

1. In a row, number increases by 1
2. In a column, number increases by 7

9 + 17 + 25 = 51

23 + 17 +11 = 51, 16 + 17 + 18 = 51, 10 + 17 + 24 = 51

Activity

Select any month and try to find 3 X 3 square and 2 X 2 square.

Let us see some more patterns in the following month.

Consider the line: 5 6 7 8 9 10 11

JANUARY 2020

SUN	MON	TUE	WED	THU	FRI	SAT
			1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28	29	30	31
