Landscape of Tamil Nadu

T7G1M6

The landscape of Tamil Nadu can be divided into four categories namely:

1. Mountains 2. Plateaus 3. Plains 4. Coast

1. Mountains

Tamil Nadu is the only state in India which has both the Western ghats and Eastern ghats. They meet at the Nilgiri hills in Tamil Nadu. Doddabetta is the highest peak in Nilgiri hills. Tamil Nadu has various hill stations like Ooty, Kodaikkanal, Kolli hills, Kothagiri and Yercaud.

The Eastern ghats do not get enough rainfall unlike the Western ghats which receives lot of rainfall. The plantations grown in these ghats include tea, coffee and spices.

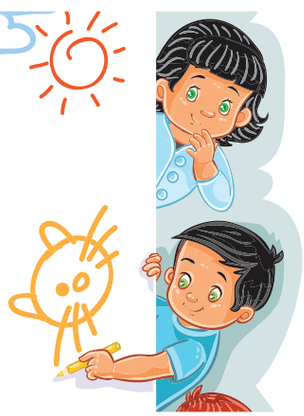

Ghats of South India

Tamil Nadu has rich flora and fauna. Mudumalai wildlife sanctuary, Indira Gandhi wildlife sanctuary and National park in Anaimalai are in the Western ghats of the state. There are a variety of plant species found in them. The Kurunji shrub is the most special of them all. Kurunji flowers blossom once in 12 years.

Try to Answer

1. Where do the Western ghats and Eastern ghats meet?
2. Name any two wildlife sanctuaries in the Western ghats of Tamil Nadu.
