LET US SING

My Robot

I have a robot big and strong, big and strong, big and strong,
watch now how it walks along,
with a nice rhyming song.

I have a robot smart and tall, smart and tall, smart and tall,
watch now how it welcomes all,
with a nice greeting call.

It has wheels go front and back, front and back, front and back,
watch now how it keeps the sack,
in every little rack.

Never it takes food and rest, food and rest, food and rest,
watch now how it works its best,
with all same zest.

Note to the teacher: Sing the song with actions. Encourage children to listen and sing along with actions. Follow the tune "The wheels on the bus go".
